SOFTWARE ENGINEERING - (UG)
STUDENT AT UNIVERSITY OF RUHUNA

I am currently a second-year undergraduate student at the University of Ruhuna, pursuing a degree in Software Engineering. I have always been fascinated by technology and its ability to solve complex problems and improve people's lives. This passion for technology led me to choose software engineering as my academic and career path.

PROFESSIONAL QUALIFICATIONS

- Completed an online course authorized by University of Moratuwa on Python for Beginners.

- Completed an online course authorized by University of Moratuwa on Web Design for Beginners
